To,

The Principal  
Grundschule Großgründlach  
Nuremberg, Germany

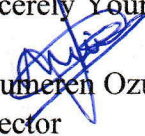

Greetings from Eliezer Public School Nagaland, India

I am writing this letter of gratitude to you for your generous contribution towards the construction of Eliezer Public School building. The construction of a new school building will provide quality and inclusive education, safety and opportunity for many children especially the children from the poorer and illiterate background in our community. In the new school building we aim to have more spacious classroom, library, proper sanitation facilities for both girls and boys, and safe spaces for learning and development.

Eliezer Public School with the motto "Strive to Thrive" aims to prepare young minds to make continual progress beyond simply surviving- to be a better person, to be a better child and friend and to live happier and more fulfilled lives.

We also extend our gratitude to Grundschule Großgründlach for coming towards with generous contribution to make Eliezer Public school vision come true. Your wholehearted contribution makes our heart swell with joy and hope for the mission and vision we share together for the Eliezer students' community in Nagaland. On behalf of the Eliezer Public School we once again express our gratitude to all students, parents, staffs and everyone responsible for the big and generous support given to this school project. It is our earnest and sincere prayer that the good Lord bless, keep and protect each one of you. Thank you very much.

Sincerely Yours

  
Tinumeren Ozukum  
Director
